We have established an office policy concerning appointments. As a courtesy to our patients and to better our scheduling, the policy is as follows:

1. If it is necessary to change an appointment, a 24 hr notice is required.
2. If you are more than 15 minutes late for an appointment it will be considered a missed appointment.
3. You cannot miss an appointment without 24 hrs notice.
4. I understand I will be charged \$25.00 for any missed appointment.

By the undersigned, I understand that if these guidelines are not followed by me or by my immediate family, Dr. Jackson will no longer accept me or my immediate family as patients.
